

NEW FOR 2010!

ASA Educational Series

DRP and the ASA Educational Series, along with the Ohio Technical College (OTC) have joined forces to bring racing to high school students. Students will have the opportunity to work on a race team throughout the 2010 season. Ohio Technical College rewards these students with scholarships based on their performance.

Dells Raceway Park will be holding an informational meeting on April 10th at 3:30 PM for students and race teams interested in participating.

If you are interested in having a student work with your team please contact Scott Sauerbrei at (920) 428-6922. Any students that are interested in being involved in the program should contact Randy Dziadowicz at (414) 339-9586 or by email at rdziadowicz@wi.rr.com Students that are currently working with your team may join the program.

For additional information on the program contact Larry Pond at lpond@asaeducationalseries.com or call (480) 861-8108
