

HOBBY STOCK CHALLENGE

2021-Rules for Triple Crown Races

ALL cars must claim a home track and be 100% legal to that rule book at all times.

Weight: All cars must weigh 3400 lbs and carry a maximum of 58% left side weight and a minimum of 53% nose weight

Weight adjustment: Crate Engine -100#'s

Elko Powerstocks and Rockford Roadrunners: Must remain home track legal but are allowed 3300lbs with the D800 and any 4bbl carburetor

Tires: D800 tire is allowed for all competitors, Due to some teams not having access to used tires, new tires will be allowed at the first event only. The remaining Hobby Stock races, used tires with no more then 4/32" of tread are going to be allowed.

It is the tech staffs discretion to make adjustments to the rules for certain teams at any time in an effort to keep things on an even playing field.
